

## Mission Statement

Our Children

Are

Sacred

Our Children are sacred; our work will strive to protect and enhance this sacredness by providing children and their families with holistic education, supportive social services and programs of high quality and cultural relevance.

Services provided are in accordance with the code of ethics and professional conduct for Alberta social workers even though providers may not be members.

## Ben Calf Robe Society

Our Group Homes provide a safe and secure environment. We provide a home that supports the clients needs culturally, emotionally or physically, helping them develop & maintain contact with their family and peers. We develop a service plan to meet each individuals needs.
